

VELVET 2

VELVET 2

Perfection for the aerodynamic conscious leisure and xc pilot

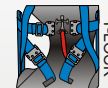

Velvet 2 - Perfection for the aerodynamic conscious leisure and xc pilot

Versatile harness with numerous functional details, which provide true flight feel for the leisure and xc pilot. Woody Valley offers a maximum of comfort and perfect fit using an aerodynamically shaped back part, a compact form and a complex and well thought out seat construction which provides total adjustment.

- ▶ reinforced back part for higher flight comfort
- ▶ improved main suspension for more efficient weight control
- ▶ body-control-system for better conversion of torso movement into direct contact and with the wing
- ▶ unique: individually adjustable seat plate depth and back inclination
- ▶ optimized attachment for all kind of speed systems makes low power activation possible – for long, fatigue-free flying and a relaxed back
- ▶ security card at the right shoulder strap for a fast first aid access in case of emergency
- ▶ 2 side pockets outside, generous rear pocket
- ▶ rescue container under the seat
- ▶ graceful, compact design

Material: Cordura® 500, Camp aluminium karabiners
Weight: 4.4 kg (without back protection)
Certification: DHV with GET-UP or T-LOCK system
Crash test result: 17.8 negative G, with 17cm internal back protection
Sizes: M - L - XL

Colours:

black/blue/light blue

black/silver/red

Optionals:

17cm back protection
+ 1150g

Side protection
+ 200g

Speed system
+ 100g

Relax bar
+ 200g

Carbon seat plate
- 260g

Instrument holder cockpit
and/or front ballast
+ 500g / + 600g
